Gabriela Zoller
Technical Services Librarian
Albright-Knox Art Gallery
Gzoller@albrightknox.org

Debbie Confer, Anthropology Collection Manager at the University Of Colorado Museum Of Natural History, gave an exceptional presentation on cataloging challenges, standards, and procedures at her institution. Debbie's full of substance presentation encompassed history, organization, and access of information of tri-dimensional objects in the museum's anthropology collection. She discussed researchers' demands for relevant information and also cataloging efforts to provide access making use of controlled vocabulary. Debbie agreed to make her presentation available to me for distribution.
