- Reviewed and commented on board documents such as a chapter affiliation agreement, and the management firm contract.
- Queried ALA about their chapter affiliation agreements.
- Organized mid-year evaluation of management firm and Executive Director.

Comments

I have very much appreciated the opportunity to serve the Society these past three years. As incoming president under Allen Townsend I had a great introduction to the functioning of the organization. My time as president was very satisfying, thanks to the efforts of many people, including the Board, committee chairs, and the members of the Society with whom I had contact. As past president I have graciously been kept in the loop by President Margaret Webster. My thanks to the Society for this experience and to the individual members who contribute so much of their time and energy.
