The Digital Humanities Special Interest group has seen approximately 300 ARLIS/NA members express interest in joining just since October 2015. At the start of 2016, each member was greeted with an email message inviting them to follow the SIG’s blog, Twitter feed, and to attend the meeting to be held at the annual conference in March.

ARLIS/NA Strategic Plan:

**Goal II: Expand Mentoring, Management, and Transition Skills**

Extend and encourage professional development, continuing education, networking and mentoring opportunities, for both mid-career and senior career professionals

- The DH SIG emphasizes professional development for building and developing skills in this relatively new area through blog posts that identify education opportunities as well as posts that round up resources for self-paced learning online. The SIG is also co-hosting THATCamp, a pre-conference event.

**Goal III: Create Stronger Leadership through Promotion, Cooperation and Advocacy**

Build stronger partnerships and programming with our North American, European and international organizations

- A joint ARLIS/NA and VRA SIG meeting will be held at the national conference, offering the opportunity for members of the two organizations to meet, share ideas, and identify potential collaborators. THATCamp is also being hosted by coordinators of both society’s SIGs.

**Goal V: Strengthen the Society's Communication and Operational Infrastructure**

Continually explore ways in which to enhance the Society's virtual presence through its website and other social media

- The DH SIG blog and Twitter feed have seen continual growth throughout 2015. The Twitter feed especially has connected with audiences outside of the ARLIS/NA community.
