Documentation Committee’s Report as of February 27, 2018

Meetings and Minutes:
Documentation Committee conference calls were held on the following dates:
September 26, 2017
October 17, 2017
January 23, 2018

Oral History Project:
The Oral History Project continues. We have succeeded in becoming a line item in the society’s annual budget. Because the few Distinguished Service Award (DSA) winners who have not yet been recorded are quite geographically dispersed, the committee also began targeting ARLIS/NA members across the United States and Canada to record oral histories. This has resulted in one new oral history and one scheduled to be recorded.

ARLIS/NA Archival Practices:
The committee has worked to create draft documentation for archival practices to be uploaded to the ARLIS/NA website. This new documentation will aim to be concise, clear, and helpful, especially to society members unfamiliar with archival practice.

Submitted by Jamie Lausch Vander Broek, Chair, ARLIS/NA Documentation Committee (2017-2019) on August 3, 2018
