Considering other art reference works as future add-ons to Grove Art Online.
• Benezit-English
• Enc. of World Art
• Guide to the Literature of Art History, 2 vols.
• St. James Press art reference series
• Other print works and links to other online resources? Need for Oxford Companion to Classical Mythology in the Arts

**Q&A**
• Pricing: Enhancements provided as a service; standard annual price increase
• Searching: Boolean searching please
• Content: Need for costume and fashion history
• Functionality of ARTstor linking—will link from Grove Art article pages to ARTstor search pages; ARTstor image data pages to link to Grove Art articles/biographies for mutual subscribers
• Image licensing: Art Resource (2,000 image “core collection”, with links to Art Resource site)
• Oxford Dictionary of National Biography: links to headwords/entries at relaunch
• Appendices and Indexes: Value of repository listings (ability to search/see all repositories in a single city; mouse-over inadequate); must be retained as updated/searchable lists, these locations lists and indexes are the most comprehensive on the market and are cited by librarians as authoritative sources for cataloguing.
• Beta site testing; August will have select group of testers
• Abbreviations: mouse-overs (journal abbreviations, corporate/museum names)
• Character sets: will be Unicode in 9/07
• Citation export: in the works for relaunch
• References to images in print ed.: “image not available online”; removing dead fig references where possible because they are confusing to users. Some prefer knowing there is an image in DOA. Refs have not been deleted, can restore if we find users want to go to DOA.
• Bridgeman links gone? removed at Bridgeman’s request when license expired
• Explore feature very helpful now as a Browse feature: in relaunch integrated into article metadata, new advanced search (filter by style, period, etc.)
• Grove Music: simultaneous relaunch/redesign
• Updated links to websites will be maintained (40,000 links to gallery and museum sites, etc.)
• Please send content update announcements to ARLIS-L, helpful to see this info.
